MENTAL DISABILITIES

- **Intellectual Disabilities**: In 2002, the Supreme Court held in Atkins v. Virginia that it is unconstitutional to execute defendants with 'mental retardation.'
- **Mental Illness**: The American Psychiatric Association, the American Psychological Association, the National Alliance for the Mentally Ill, and the American Bar Association have endorsed resolutions calling for an exemption of the severely mentally ill.

DETERRENCE

- A report by the National Research Council, titled Deterrence and the Death Penalty, stated that studies claiming that the death penalty has a deterrent effect on murder rates are “fundamentally flawed” and should not be used when making policy decisions (2012).
- Consistent with previous years, the 2016 FBI Uniform Crime Report showed that executions, had lowest murder rate.
- According to a survey of the former and present presidents of the country’s top academic criminological societies, 88% of these experts rejected the notion that the death penalty acts as a deterrent to murder. (Radelet & Lacock, 2009)

EXECUTIONS SINCE 1976 BY METHOD USED

- **Lethal Injection**: 1290 executions
- **Electrocution**: 158 executions
- **Gas Chamber**: 11 executions
- **Hanging**: 3 executions
- **Firing Squad**: 3 executions

32 states plus the US government use lethal injection as their primary method. Some states utilizing lethal injection have other methods available as backups. Though New Mexico has abolished the death penalty, its law was not retroactive, leaving 2 prisoners on its death row and its lethal injection protocol intact.

JUVENILES

- In 2005, the Supreme Court in Roper v. Simmons struck down the death penalty for juveniles. 22 defendants had been executed for crimes committed as juveniles since 1976.

WOMEN

- There were 53 women on death row as of July 1, 2017. This constitutes less than 2% of the total death row population. (NAACP Legal Defense Fund, April 1, 2017). 16 women have been executed since 1976.
A 2009 poll commissioned by DPIC found police chiefs ranked the death penalty last among ways to reduce violent crime. The police chiefs also considered the death penalty the least efficient use of taxpayers' money.

Lack of law enforcement resource
Drug/Alcohol abuse
Family problems/child abuse
Lack of programs for mentally ill
Crowded courts
Ineffective prosecution
Too many guns
Gangs
Insufficient use of the death penalty

A 2010 poll by Lake Research Partners found that a clear majority of voters (61%) would choose a punishment other than the death penalty for murder.
